

Pray for Schools—Prayer Circuit **Saturday, July 27, 2024 @ 10:00 a.m.**

For those praying at schools—Gather at 10:00 a.m. at the flagpole of the school.

Open the walk in prayer with the entire group at the flagpole.

Each prayer team should have two to five people. (If you are blessed by having a large turnout, break up into groups and choose a leader for each group. Have the groups start at different locations so they do not interfere with one another.)

The prayer leader may lead all of the prayers, may allow volunteers to lead prayers, or let the group have a group prayer (let group members take turns at any or all prayer stations).

When entering an area, please be considerate of other prayer groups that may be in that area.

Meet back at the flagpole after your group has finished the prayer circuit.

Prayer Circuit

We will **not** enter the buildings so if identification of school areas is possible from the outside of the school building, stop and pray at each of the following (if not, pray for these things at areas around the building):

Bus Lanes – pray for drivers and their precious cargo, safety

Cafeteria – safety, protection, fellowship, caring, unbelievers, workers

Office – safety, wisdom, leadership

Classrooms - students and teachers, safety, minds open to learning, class discipline, respect for authority and others, unbelievers, strength to withstand peer pressure, healthy relationships, fellowship

Media Center – safety, minds open to learning, wisdom

Gym/Fields – safety, sportsmanship, fairness, coaches, healthy competition, teamwork

Student Parking Areas – safety, appropriate behavior

Entrances, Exits – protection, appropriate behavior

Gathering Areas/Commons – protection, appropriate behavior, fellowship

Let us as a network of churches continue to pray for our schools, specifically that:

- That God would allow both students and teachers who follow Christ to be a witness among other students and teachers.
- That our churches that are ministering in schools through after-school programs, reading programs, and food ministries will be able to clearly share the gospel with students and teachers.
- That God would bring a revival among the current generation of students that would begin in the West Metro area.
- That God would keep our schools and those attending them safe from any type of threat this year.

Thank you for your partnership in the gospel ministry in West Metro, and thank you for praying specifically for schools this week! It is our great joy to partner together for the Kingdom!
